 Brrrrrr Seniors next year!  
 Have we had some memories this year.  
 Remember tennis and what's - just name. Next year  
 will definitely be better. Remember all those times we stayed  
 after to "practice" our serves. EXTREMELY wild! WATCH OUT!  
 All those Penguins runs when we were supposed  
 to be some place else. "Do Twenty Bleepers" I loved  
 U.S.A. R.H. of A. "The Dork" I hate  
 that saying. Mr. Campbell's class THE DORK "I hate  
 your guts you dork" Just think it's almost over with.  
 I wonder if you will ever get that referral. HOPE  
 NOT!  
 Congrats on making Student Recognition.  
 Next year will be great awesome!  
 I remember when you were so nervous! NO PROBLEM  
 & unforgettable. We will have an awesome  
 summer. Let's get wild!

The pride was back,  
giving the Spartans

# A NEW OUTLOOK

Mr. Jerry Smith, equipment manager, fixes Mark Fishburn's helmet during a game against Pacifica. Mark played first string offensive center.

The Pep Squad was willing to go to any extreme to raise the school's spirit.

They all dressed up as Madonna at a lunch rally to encourage students to go to the football game.

A new generation brought a lot of **new** changes to VPHS. Since our pride is higher, we have a **new** outlook. With these thoughts in mind, it seems that "**A NEW LOOK**" fits the 86-87 school year.

Why a Spartan painting off a number 3? The number 3 symbolizes part of the theme "**A NEW LOOK**." 86-87 will be the end of an old tradition, having 3 year high school but it also begins a new one, a 4 year high school next year.

VPHS has undergone a **new** look. Just driving at 60 mph down Talt you should've noticed a traffic light. Yes, this is **new** to promote

safety for students crossing the streets due to a series of fatal accidents throughout the years.

There is also a **new** extended loading zone at the front of the campus used for safely loading and unloading students and improving the flow of traffic.

A great deal on campus has changed also, giving it a **new** look. A year ago the student centre was run down. It had to have been raining, for anyone to step into it. Now, with the **new** carpet, modern furniture and plants, it has a **new** inviting atmosphere for everyone to enjoy.

Lunch activities to liven the campus were very common. Simon Stone was one of many VPHS students who enjoyed having a fun time.

Running for the first touchdown of the season, Tony Inga carries the ball given by Quarter Back Tom Kelly. VPHS loses during a hard fought game against Pacifica.

Hi Mike  
 Well it's been a long time &  
 I miss the days over - I guess  
 you know the year. I'll  
 be there writing on Saturdays  
 it's all going good in the class -  
 all going good I'll not  
 you expect from a strange  
 somebody coming in tardy.  
 It's really hard to get out of fun &  
 you're from a great friend.  
 I'll not talk to you -  
 you're the best - Best  
 of the future.

The atmosphere on school campus were rarely peaceful. At a time when it was, Jason Wolters took advantage.

## A New Look.

Ms. Thielman, Activities Director, came up with a radical change in tradition. Anyone must have spotted the flocks of skirts around the campus. Yes, 42 was the magic number; 13 Varsity Songleaders, 12 Varsity Yell Leaders, 13 JV Yell Leaders, and 4 Mascots were established to rekindle the spirit flame and bring pride to the **new** VPHS.

And just when students thought they had finally mastered the escape routes to leave campus for a yogurt run or lunch, they were chased down by a "bouncer buggy" with a unfamiliar **new** bouncer. Who said all these **new** changes were to our advantage anyway?

Although VPHS has gone through many **new** changes, there were still many things that were untouched: looking back at the special times

spent here: going through the events, such as our first high school sweetheart, or the wild and crazy times spent with friends; and remembering the dances and cheering at all the sports especially at football games and water polo games. All these memories are stored away waiting for that perfect chance to come out again. Do you remember after the football games when we held our fingers high showing our pride in VPHS? It didn't make a difference who had won or lost, because we all were there to share victory or defeat.

This yearbook will symbolize our high school years at VPHS. Helping us not to forget the smiles and warmth from our friends and the **unity, spirit** and **pride** we all showed in what we did.

The advent of forty-two cheerleaders may have seemed like the downfall of a sacred tradition, the traditional eighteen cheerleaders. But there were benefits.

"Now we can cover all the sports from girls tennis to varsity football. Last year we received a lot of **flak** about not enough cheerleaders at the lesser attended sports," stated head yell leader Barbara Dunn.

It was obvious last year that there was a decline in spirit. With an increase in cheerleaders, we can increase enthusiasm throughout the student body," stated song leader Genalyn Talevera.

# Term Papers and Field Work Kept Students in and Sent Them Out

By Miho Akiyama

Remember when you showed up for the Villa Park council meeting at 11:30, and everyone there was from Delano's class? Or when all the composition students were stressing over their term papers, ready to hit the insanity level? Well, these are just a few of the long memories the Senior class has had of American Government C.P.S., and composition intermediate and advanced classes this year.

The council meetings that Mr. Delano's class had to attend were teamwork assignments; the classes had to learn more about the different systems of

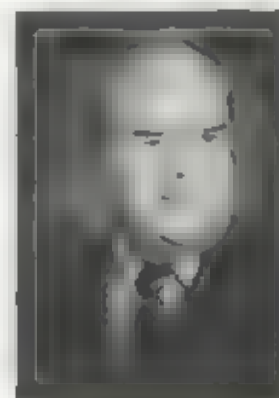

going back on the meetings said, "It was a good experience for us, because we get an insight of our local government."

The composition class

term papers were basically "stressful and insane, but a good opportunity to learn new things," according to many students. Carene Chuang, an Adv. Comp student, agreed. "At first I thought it was a waste of time, but now that it's over, I realize that I actually learned something."

Intermediate Comp was to turn in papers 1500-2000 words long, and the Adv. Comp papers had to be 2500+ words long. Both required footnotes and bibliographies, as well as good sources and careful research.

Although many of the students had complaints about term papers and council meetings, in the end, almost everyone agreed that "now that it was over, it was a good experience, and they did learn."

It's nice to see so many students enrolled in sewing. Usually students are turned off in Jr. High because they aren't as experienced as they are in High School about the basics of sewing. Mrs. Linda Syler explained.

Sewing is a class in which it teaches a student to use their creativity and imagination. Independence is taught indirectly because the student not to depend so much on stores. Clothing but on their own talents for sewing.

Some students were asked, 'Why do you like to sew?'

Jennifer Romandy explained, 'It's fun, you get to sew your own clothes. You don't have to sew what the teacher wants you to sew like in Jr. High. You can also set your own pace. Everyone goes at their

clothes. It's also very challenging.'

Learning how to sew can also help save money. Some dresses and garments are also not sold in stores so people have to know how to sew.

'I love it!' It's one of my hobbies and I hope that other talented students next year will enjoy it as much as the ones this year,' added Mrs. Syler.

The musical came from the comic strip *Li'l Abner*. The setting was a small country town called "Dogpatch USA." All the characters dressed in old run down apparel to match their characters personalities. "The cast were stereotypical to their characters," stated Kelly Knott, one of the special dancers.

The tryouts were held in three different divisions, singing, dancing and act

ing. "The dance tryouts were the most fun. I wasn't as nervous for them as I was for the other two," stated one of the wives Samantha Miller.

Practices were held during sixth period until 4:30 or later depending on the work load for the day. "We all got along which made them more fun," stated cast member Rich Leiva.

## A Class Act

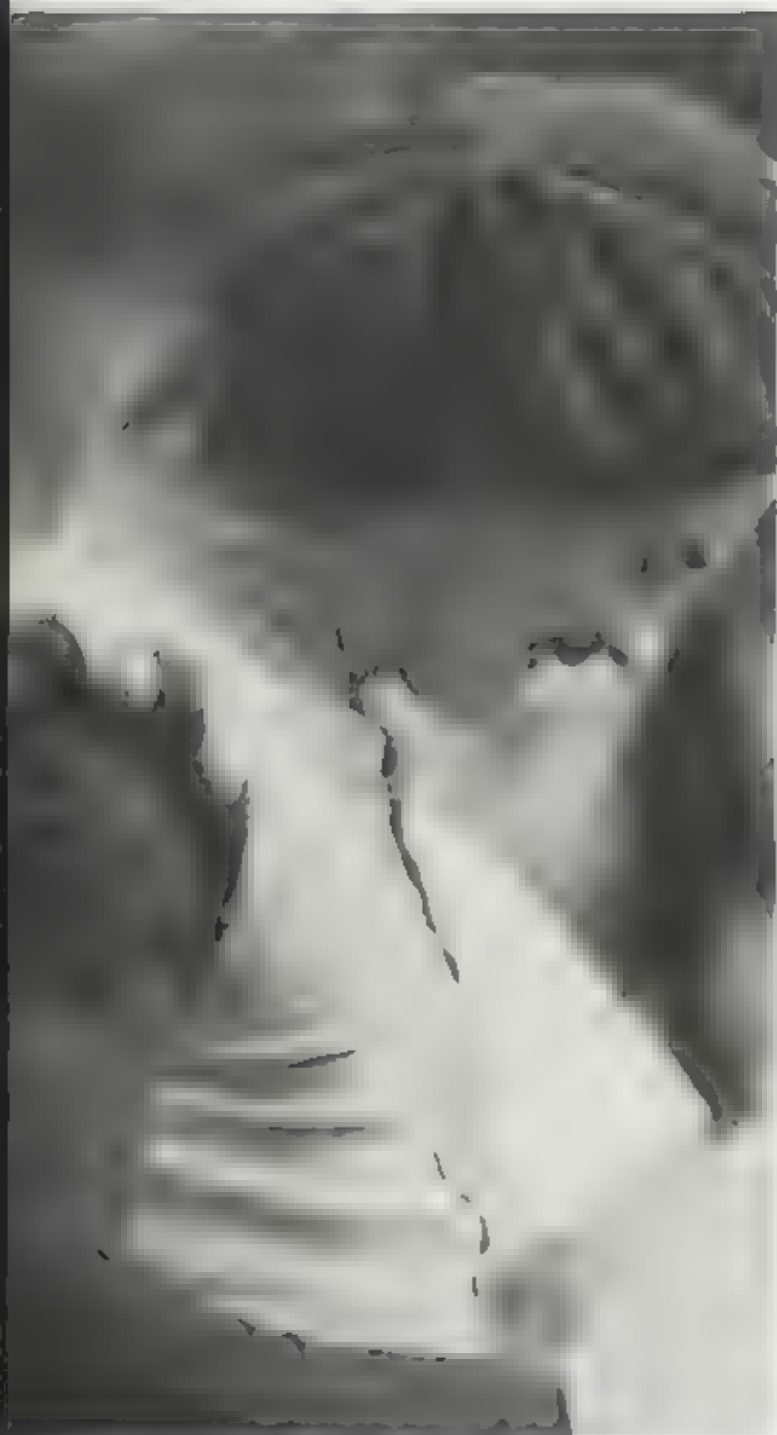

By Barbara Dunn

We did a lot of activities together which made us close," stated Valerie Dunn, Drama Club secretary. As a group, Drama Club went to television show tapings, watched *Rocky Horror Picture Show*, did theatricals, went on a Christmas party. The Halloween party was a blast, smiled vice president Jerry McDonald. It was the first activity we did as a group.

The Drama Club also sponsored two *Barfoot in the Park* and

*Generations*. *Barfoot in the Park* was about a newlywed couple who lived in a high rise apartment in New York and starred Inga Starr and Dan Washington as Paul and Cone Branter. The second show produced by Drama Club was a monologue "Generations: the deal with problems of life."

"We had a great year because the club was so productive," stated Drama Club advisor Mrs. Nancy Grissenger.

During club rush Dan Washington promoted Drama Club by dressing up in Medieval clothes as a Shakesperean actor. Laying back in drunken exhaustion, Ethel Banks (Samantha Hadfield) and Paul Branter (Dan Washington) act a scene in

## FOR A TASTE OF CULTURE.

Language clubs were for students who wanted to learn more of their language's culture and to broaden friendships. Each club had an adult sponsor, student leaders, treasurer, secretary, president and vice-president. Meetings were held during lunch and the student leaders reported on the club's progress and activities. Some clubs even held activities to benefit others, such as French Club donating baskets of food for a needy family during the holiday season.

Hi Mom was a most enjoyable evening of great talent, a creative fashion show, good desserts, and best of all a special evening with my daughter and friends."

Ken T. Iv

"I love you mom

M. Linda A. Aar

"I had a great evening with my daughter. It was definitely the most unusual fashion show we have ever seen."

Mark H. Aar

My moms the best! Hi Mom was a great chance to have fun and spend time with her."

M. Linda A. Aar

It was a really special evening spent with my daughter. I was happy we were both able to take time from our busy schedules to be together."

Barbara D. Aar

Out of the three years that I've given this years Hi Mom was the best! I enjoyed the entertainment, but most of all I loved spending time with my mother."

Mrs. Nancy M. Masters

"It was great to spend time with my daughter and the 'girls'."

Heather M. Masters

"It was a wonderful experience to spend time with my mom and with other girls, doing what we do best, talking about guys!"

Jennifer Blank and Matt Green sing "You Don't Bring Me Flowers Anymore" to the many mothers and daughters in attendance.

Shannon Maschner, Mrs. Shelly Maschner, Mrs. Nellie Thompson, and Chris Salcido applaud Matt Thurston's piano solo

One, two, three... Swarthout shouted the crowd as Geoff VanHaaren scored a seventeen point game against Kadena. It seemed like the crowd was behind the team all the way even though they were trailing by six points.

Such actions by the Spartan fans helped the team as the game got tough. According to Coach Kaezer, in some cases the fans made all the difference.

Both sophomore basketball teams gave their loyal fans an interesting season. Although they were unable to win all their games, they finished

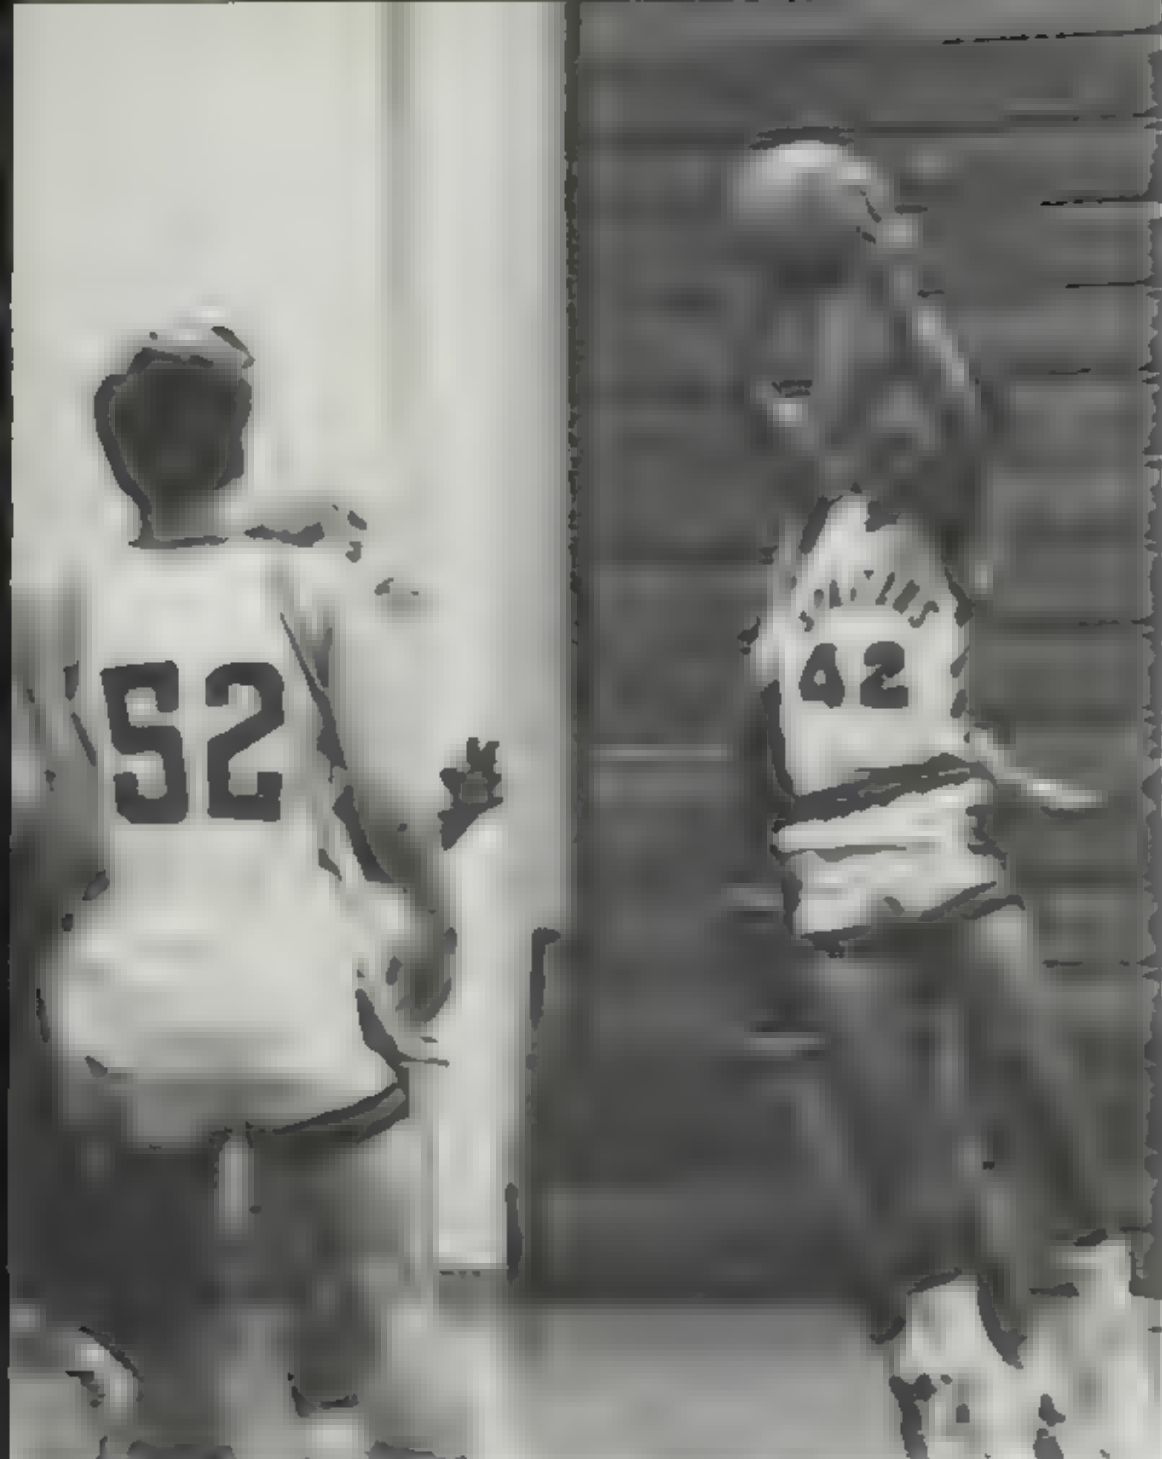

with a record of 11-14 for varsity and 1-14 for JV. Geoff VanHaaren scored a total of 117 points in the season but missed 11 games.

As a regular attendee of the sophomore games, I was impressed by the player's performance. Says Assistant Lee, "I was taken aback to realize all that effort on the court even the players were excited about their performance." Ken Adkinson agrees. "We had an awesome team and we could have won the league if we had to at Canyon at the last game of the season."

## Teams Excell

by Steve Emore

Days Cross Country surprised everyone by winning the league season with only four returning Varsity runners.

The season went very well. Even though we did not win a CIF title we did win league stated Varsity runner Steve Allred.

The Varsity team led by Dave Longyear with a personal best of 14:54 was tough and competitive in regional season as well as in invitational.

Winning the Century League title for the 4th consecutive time made Coach White happy again. The team held together and ran well even though many people who underestimated them. He said VFHS will lose many top runners due to graduation.

The JV finished Century League runner up. It was at the first of season many runners suffered injuries to their legs with frequent sprains or strains. At invitational, all the JV team held together, placing high in ranking as a result other schools. Over a the JV team knew what was to be expected of them.

The Sophomore team was good at running. Sophomore runner Phil Matriciano was the teams leading runner. Matriciano ran his best time of 17:11 at the Canyon Valley League meet.

It will be a tough first year, but with freshmen coming in it will be getting better and better, stated Coach White.

# Promising Future

By Steven Alred

A disappointing season can make for a great future. The girls Varsity Cross Country team, headed by Coach Brant, finished the season sixth in Century I and seventh overall, but they have a bright future.

The team, consisting of one senior, three juniors, and two sophomores, worked hard but could not overcome the odds. Sophomore Katie Madison believed that a cause for their season's record was their lack of experience that Canyon's veteran runners had.

Contributing to this was the fact that the team was not winning the title of League Champion. Her final time was 17:59 for three miles. Because of this transfer, she had to red shirt this season. To improve their running ability this season, both girls trained with the boys' Cross Country coach, David White.

Another good prospect coming Varsity Team is sophomore Laura Doering. Along with Katie Madison, she is a state-level athlete.

Backed up the Varsity team were the unsung runners of the JV Varsity Team. Though not in the limelight as much, they still trained hard in case one of the Varsity members was injured or became unavailable.

Coach Brant summed it up this way: "We can surprise a lot of people next year."

At the meet against Santa Ana Valley and Canyon, Katie Madison and Jode Elsberry work together to overtake a Canyon runner.

Top Row: Coach Dick Brant, Katie Madison, Chaslyn Foster, Colleen Preston, Belinda Mendoza, Valarie Rays, Jane Lum, Jode Elsberry. Bottom Row: Christina Redman, Laura Doering, Susan Round, Sandra Park, Kelly McClanahan, Kristie Dorema, Karen Longyear.

Of the four events, floor exercises, bars, balance beam and vault, balance beam was the strongest. I was surprised to see us excel in that area. Our coach, Coach Hammil, is another place where VHS did well was in the floor exercises. Some of the girls worked alone and many of them had help from their coach in to explain their floor routines.

The girls are required to perform a series of jumps, leaps, changes and contractions (body waves). They were judged on how the routines were executed and if a girl was off all or half a point — at least a medium. If a girl moved faster, superior moves and one high superior. A constant low and harmony with the music are the hardest things to do, explained senior Vicki Kirk.

The girls hope to see in tomorrow and if that is the case this year, and I'm sure we should have at least two of them go on to C.F. and Coach Hammil.

Tim Goldman, Mike Hor-nacek, Jens Lerno, and Jim Simon look down to the 1st green as the first varsity twosomes tee off. After an exciting match the team lost to El Modena by 14 strokes.

## Joke Played

By Jim Simon

The Varsity Golf team was made up of six varsity players, four junior varsity players, and one coach. They practiced and hosted other schools at El Modena Junior High. They traveled as far as Four Oaks Valley to participate in the tournament.

One varsity member, Jens Lerno, recalled a funny incident toward the beginning of the week. "My group had to find a green where Mr. Mahoney and I were. The hole was stuck in the middle of the green. This meant that when the players were in the hole, they could only see the top half of the hole."

Mr. Mahoney had his first shot out of bounds and was penalized two strokes. His next shot was in the hole. His last shot was in the hole. He was up two strokes from the hole.

Seeing this, Jim Simon crawled on his hands and knees out of Mahoney's view and dropped a ball in the hole.

When Mahoney arrived on the green, he was surprised to see that he made a hole in one. He said, "If I hadn't made this shot, my day would have been ruined."

For several days, Mahoney was not able to play. He was in the hospital with a broken leg. As a result, the next day he gave his students a two-page closed book essay test.

On the 7th hole of the match against El Modena, Steve Stovall takes a swing with a four-iron. His shot landed a foot from the hole.

It was Wednesday March 25. The girls were ready to face Santa Ana. The JV team got off to a bad start when Erin Woolery DQed in the medley relay. She redeemed herself however by winning the 50 yd. freestyle and 50 yd. backstroke. The varsity had a great start with an excellent effort by the medley relay team.

The girls varsity had great efforts by Shana Scullin, Pam M. Sherry, Shannon Armstrong & Debbie Kadonada. They only gave up one first place through the whole meet.

The girls practiced hard swimming about 4000 yds a day. Everyone figured it would be kinda easy, stated Shannon Armstrong.

by Deanna de la Riva

It may not have won *The Bad News Bears*, but it was remembered how the team started off to try but ended up winning. That was how the J.V. softball team described their season.

We play like *The Bad News Bears* even at practices which were "strange," commented Audrey Jensen, 1st baseman. If they missed a grounder hit to them they would miss the next one too.

If I got a ball thrown to me and I missed it, Audrey usually caught it for me. We always argued the ball when we weren't supposed to," quipped Laura Bernhardt, catcher.

It also seemed as if a miracle was always getting hurt. "One time a miracle hit me in the leg," remembered Audrey Jensen. Jokingly, Laura Bernhardt said, "I haven't really got hurt but do you know how hard it is to throw the ball with acrylic nails?"

Like *The Bad News Bears*, the J.V. team hoped to end the season by coming out on top.

They are a fun group to work with. They find ways of entertaining themselves," said coach Cheryl Tomlinson.

Confident she will make the catch, Audrey Jensen smiles knowingly. The girls beat Orange 4 to 3.

Girls equipment manager, Linda Edgman

## The people behind the sport.

By Kately Barnes

How would you like to wash 4000 pairs of socks? Head equipment manager Jerry Smith does it every year. He is in charge of the gymnasium.

He is not the only one who works behind the scenes in the athletic department.

Others include John Corona head of grounds and swimming facilities and Linda Edgman who is in charge of the locker room and all P.E. equipment.

Mr. Corona also takes all the sports machinery such as the pitching machine and the retractable bleachers in the gym.

In addition to these two, Mrs. Edgman keeps the physical education equipment in order for students to enjoy.

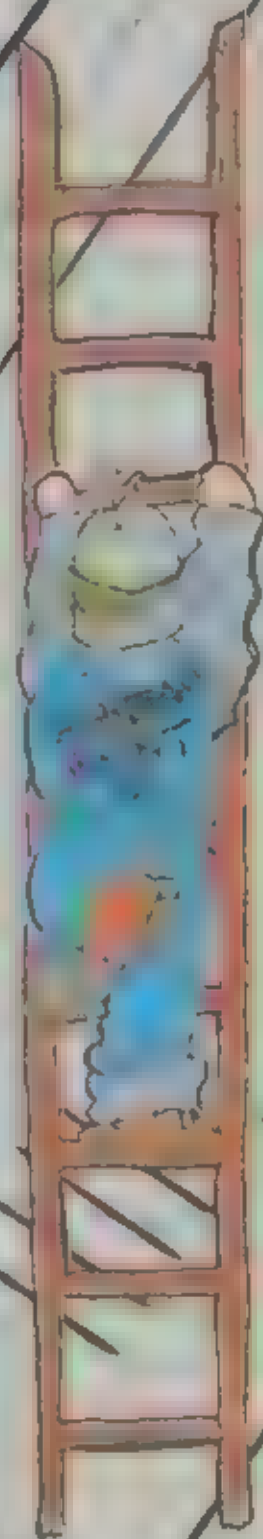

Jerry has a great responsibility making sure that all the equipment is ready without him it is a mess. He is in charge of all the equipment that we use. He is in charge of the equipment. John Corona is a student body member to both our athletic departments. Coach Ochoa stated.

Mrs. Linda Edgman is a terrific person and good at her job. She keeps all the P.E. equipment in excellent working order for all students to use and enjoy. Mrs. Gardner stated.

The next time you pick up a racket or ball to play a game, remember the people who make it possible for you to enjoy your sport.

## It doesn't have to be in school.

by David M. Miller

It's a common sight: a young man in a white shirt and tie, walking down a hallway. He's a student, and he's on his way to class. But what if he's not? What if he's a teacher, or a parent, or a friend? The answer is: it doesn't have to be in school. The world is full of opportunities to learn, and it's up to us to take advantage of them.

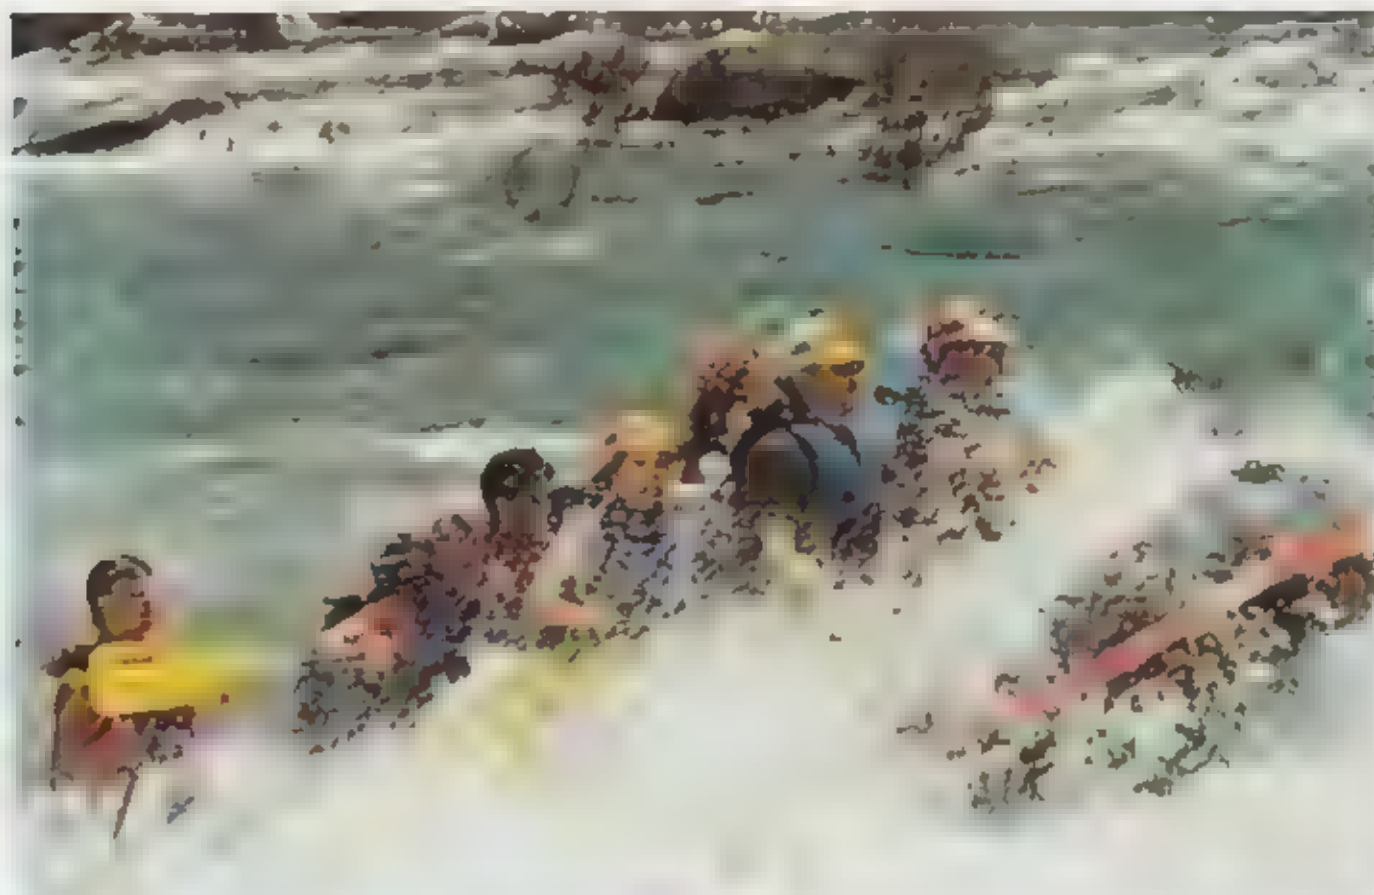

Learning is a lifelong process. It's not just about what you learn in school, but about what you learn in life. Every experience is a chance to learn, and every challenge is a chance to grow. So don't stop learning when you leave school. Keep your mind open, and you'll find that the world is your classroom.

# MAD MONEY

By Jim Auer

The question now-a-days is where is all our money going?

Well, nobody knows exactly but a number of students at VPHS seem to have an idea.

Most of their money goes for gas for trucks, cars, and scooters. The cost of gasoline never seems to stay the same. At the Texaco on the corner of Taft and Tustin the prices in November were Regular — 70.9, Unleaded — 78.0, & Diesel — 92.9 a gallon. Regular gasoline has been one of the cheapest but not for long. Nearly most students drive cars that take unleaded. By the end of the year who knows.

Having your birthday was with a lot of birthday or expensive expenditures. Every year there is the celebration, the party, the cake, and the gifts. That ain't cheap. Most students spend half their pocket money on their parents' pocket money. A pair of jeans in September can be between \$34-108.00, a plain sweater was as expensive as \$7.00, or more.

Food. Everyone likes to eat out. Staying home dining isn't as fun as "hangin'" out with friends. The hottest restaurant students eat is McDonald's. A Big Mac, large fries, and a medium coke adds up to \$2.99. A hamburger at Spoons. From hamburgers and fries at McD, to Taco Bell or Del Taco for a Taco Grande which is \$1.59 compared to a deluxe Del Meal for \$1.99.

Students are making money in many ways. Some are working at a job, some are selling things, and some are working at a job.

Entertainment is a big deal. A lot of money is spent on going to the movies, a weekend, or a party. A lot of money is spent on going to the movies, a weekend, or a party.

If we were to make a list of the things we would like to have, we would have a long list. We would like to have a car, a house, a lot of money, and a lot of friends.

The golden arches stand for McDonald's but also fun and hangin' out for students at VPHS

Puttin' in the card is so easy, but if you have no money it's not, said Jennifer Keeler. It must have been easy, because she has money!

Prices of gas are up and down, but at Texaco, they seem to stay low and just right!

### Seniors

Seniors seem to spend less on important objects and more on material things.

Shoes \$20-\$106.00 a pair  
Entertainment \$26-\$40.00 a week  
Insurance \$60-\$167.00 a month

### Juniors

Juniors like the cost of more expensive things.

Food \$20.40 a month  
Clothes \$40.15 a month  
Records \$1.77 a week

### Sophomores

Because sophomores have no cars and make less money, they tend to spend it on other things.

Make-up \$10.20 a month  
Food \$10.50 a month  
Haircuts \$4.45 a month

# Junk Food

For a long time, the VPHS students have been addicted to junk food. It's not just the food, but the way they eat it. They sit at their desks, eating and talking at the same time. They don't even know when they're full. They just keep eating and eating. They don't even know when they're full. They just keep eating and eating.

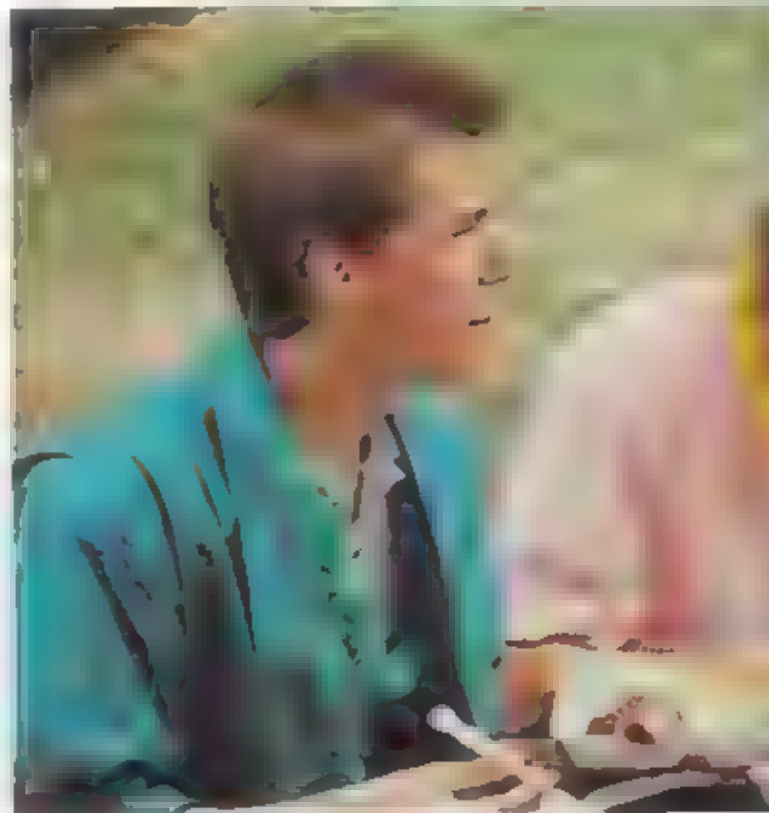

They don't even know when they're full. They just keep eating and eating. They don't even know when they're full. They just keep eating and eating. They don't even know when they're full. They just keep eating and eating.

# LITTLE ENOUGH''

Help! I'm stressed! I don't have enough time to do everything that needs to get done. Between classes, homework, work, and college applications I hardly have enough time to sleep, let alone take time out for fun. If I do two things at once for the next week, then maybe I'll have time to relax this weekend.

Sound familiar? Many students get caught in the battle of conflicting schedules. Organizers are now a popular way to plan out the week, but most of us are still pressed for time.

The average senior works approximately sixteen hours a week, while fewer juniors and few sophomores had jobs. Juniors and seniors seem to get the most sleep, some sleepy heads get nine hours a night! But while the upperclassmen are 'stalking z's, the sophomores are hitting the books. They average three to four hours of homework a night, in comparison to two hours spent studying by the juniors and less by the seniors. Juniors spend the most time playing sports, while sophomores talk on the phone more than upperclassmen.

Social activities somehow find a way into the

weekend plans of most. Whether they consist of a few friends going to a football game, a shopping spree, or a night on the town, everyone enjoys a chance to relax.

*"The time I'm most organized is when I have nothing to do."*

*Steve Allred*

Not everyone spends their time in exactly the same way. Priorities dictate the schedules of everyone. The honors students on campus tend to spend more time studying while the jocks place importance on sports. And those of us who add work to the daily grind are even more pressed for time.

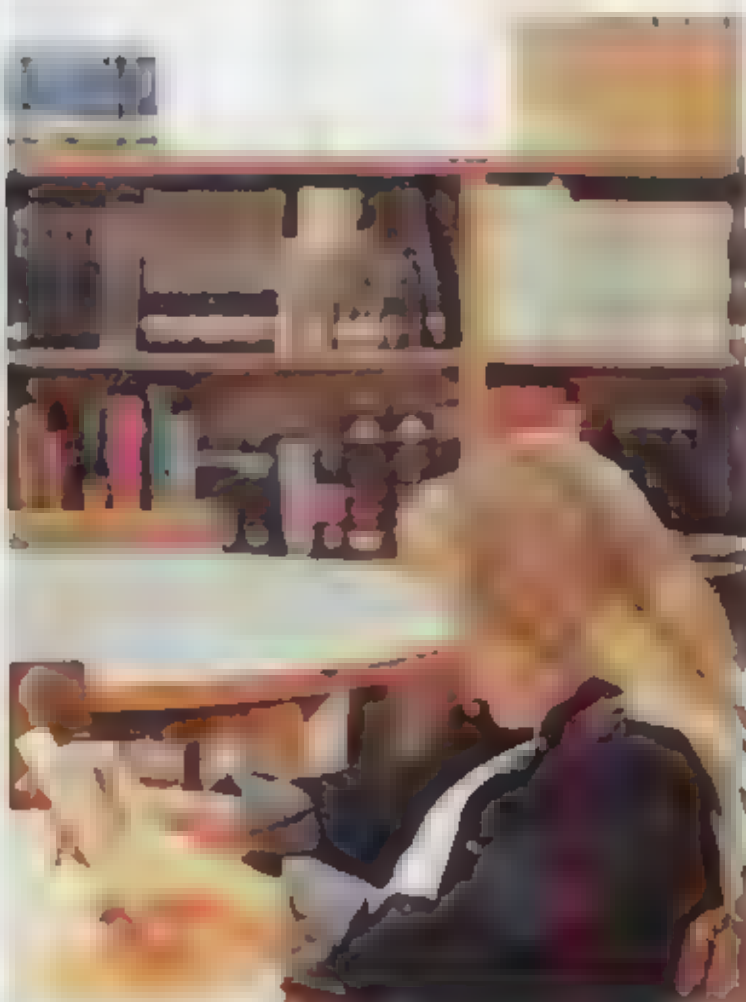

No matter what activities one thing is for sure — there is never enough time! As Ben Franklin said, "What we call time enough, always proves little enough."

Spending time studying in class helps to lighten the homework load. Jennifer Adams diligently studies her algebra during class.

## Juniors Into Soap

by Randy Barnes

When you don't go to work or you are just too tired to turn on your favorite television show between 3 and 5 o'clock.

The number 1 show most watched is MTV. MTV is not just watched in the bedrooms of people, but it is watched in the kitchen, in the house, work, or the car. When they say it helps them to study. They love MTV and it takes a while to look up a

person's background and history. And why does all this money have to be spent on it? Why and why not? The beauty of it is that it is a lot of fun and an easy way to look at the latest things.

But video is not the only thing. MTV has to offer. It has provided a series of information about MTV, video, and interviews with many of the things and artists of today.

In addition to MTV, many juniors watch soap operas. They get their VCRs to record their favorite soaps so they won't be late to school. When they are not at school, they don't want to miss their favorite soap. Characters are added, and the day is over. That's what it's all about. If you want to watch, go to the library.

## DUTCH TREAT??

by Ed Shattuck

When was the first time you went out on a date? Although most students said before high school, many responded that they had just started dating this year.

Why now? A lot of factors are at work. One reason was they may now have a car, a job, and privileges which make dating more convenient. Tom Bernard said, "I had a car and money so I was able to go out on a date."

What is the first time?

Where do you go on a date? The response to this question covered a variety of places. The top seven responses were:

1. Movies
2. Drive-ins
3. Parks
4. Games
5. Restaurants
6. Beaches
7. Parks, Disney, and K. W. W.

Who pays for a date? Most boys and girls answered that they paid for the date, but some girls said they wouldn't mind if the guy paid for them.

For many, it was the first time when they began dating, and many believed that there was no one else at the time. Some of the best memories they were able to recall.

## Our own style

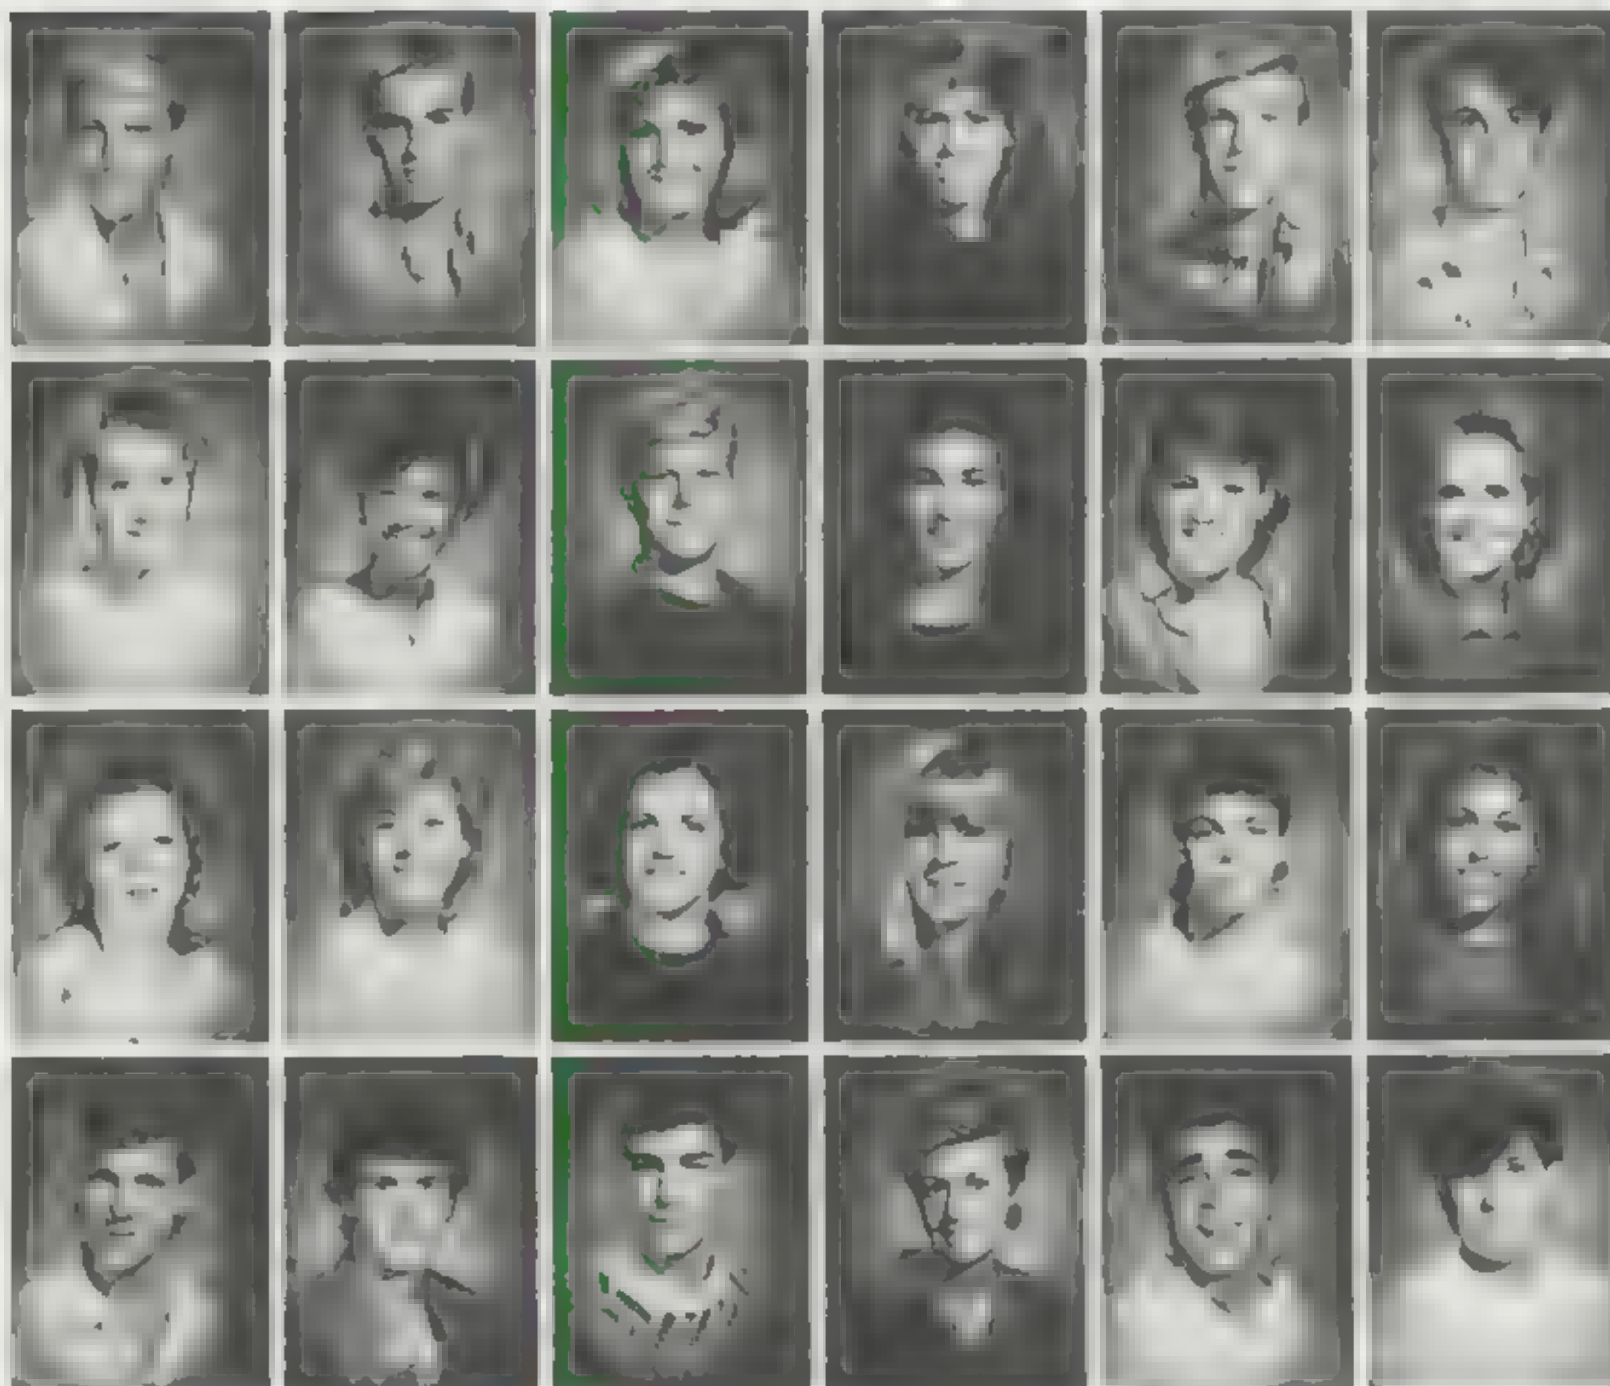

by Randy Barnes

The junior class has a style all its own, from its looks and spirit to its abilities. In sports the number of juniors playing variety is almost equal to the number of seniors playing. Also a large number of juniors are starting in most all sports. They will be returning next year as skilled veterans ready to take a championship.

In addition to sports ability juniors also have their own style of fashion to match. Everyone knows who the juniors are by the way they dress, the style of their hair, and their personalities.

Juniors are the "rowdiest" and "loudest" class in years which will be a great help in lifting the spirit of our school next year.

With the way we're doing V.F.W.S. will be an exciting year for a middle school in this area.

# Sweat Through the PSAT?

By Edwin Stalvey

photo by Steve & Fred

"It's seven o'clock. Get up! You'll be late for the PSAT!" said my unconscious mind as I flew at 15 in my dream. I next remember getting dressed and driving to school without breakfast.

At school, I saw runners rushing into the cafeteria and the library and so I followed them to the chippy cafeteria and placed my tired, foodless body on a hard chair.

Afterward, the test lasted three hours. I was "put out" for a moment then I realized

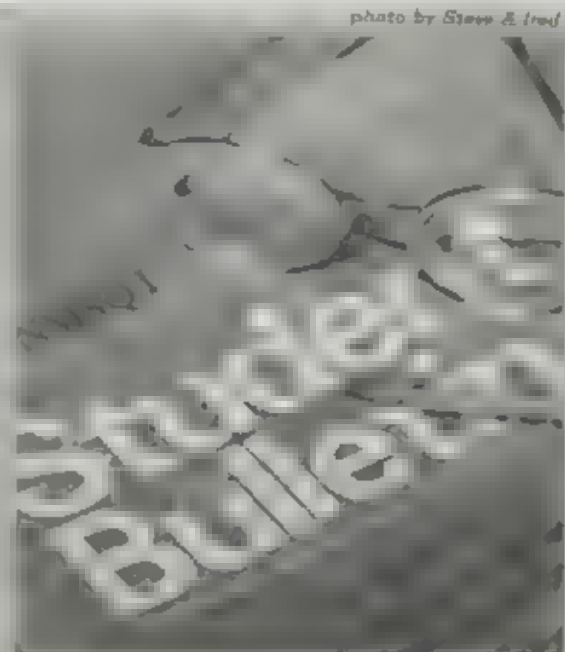

that I would miss my English class. So I took the test with me.

After an hour of test rules, Mr. Edwards gave the "Go" signal and pencils started flying in the little bubbles. Although I wasn't allowed to look at others while taking the test, I did so to see how people were nervous about scoring high, hoping to achieve a high score. Most of the first part of the test was the PSAT.

I wasn't too worried about it at first, but I attempted to

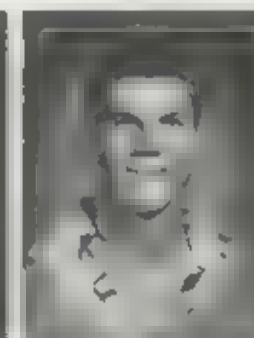

earn the types of questions presented because they are supposed to be similar to those on the SAT. Three hours of constant thinking was enough for me and the PSAT was over.

After leaving the test room, I thought about the results and how they would affect my SAT score. I also thought about the amount of studying I would have to do for the SAT to make it to my desired score.

John Watson

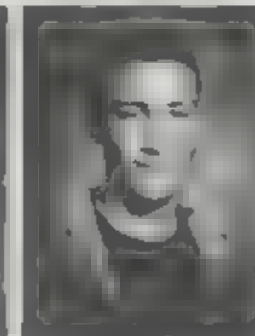

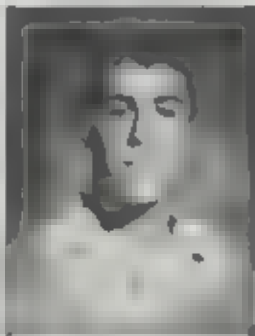

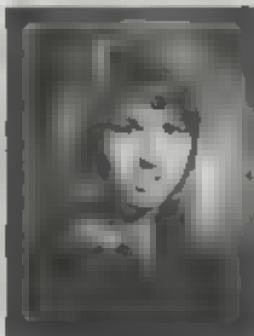

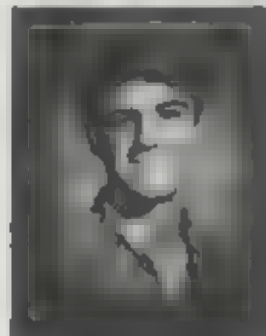

John Watson, Lakeview senior, has maintained 11 grades well above average since he arrived in California from Kansas four years ago. Although John does well, a school says he doesn't follow the rules to keep him in the basketball court of the basketball team. It is that he hopes to become a

major ball player in the future. John said, "I take it easy, but I don't have any pressure on me. This was seen when I took the C.A.M.L. tests. He can't take his time in solving the problems and finding the correct answers. In a 30-minute test at VHS, he got the second highest score and placed

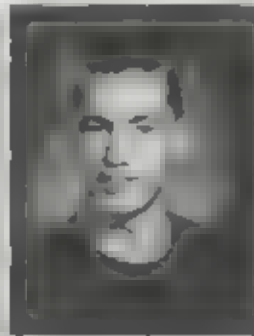

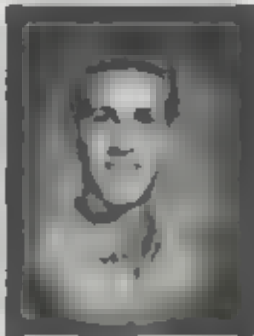

in the top five again, this year. He hasn't decided where to attend after graduating from VHS, but he thinks that he will make the right choice when the time approaches.

## STUCK IN THE MIDDLE, *April 1987*

Registration for the 86-87 school year was the first reminder of school after the long summer break. Kevin Lusk, Hirosaki Hayashi and del Ho buy ASB cards while Cory Harris waits to have his picture taken.

Standing by her locker, Kathy Tavoularis stares into the distance while Beth Wojahn and Shawn Silvers discuss their classes.

## So What's Your Excuse?

by Trayce Thomas

### Excuses, excuses

After two years at JHS, I know how to make up excuses. The best excuse is that the car won't start. It's a good one. I've used it a lot. I've even used it at the parking lot.

### BEING LATE

My car wouldn't start. It's a good one. I've used it a lot. I've even used it at the parking lot.

My alarm clock didn't go off. It's a good one. I've used it a lot. I've even used it at the parking lot.

### A FEELING

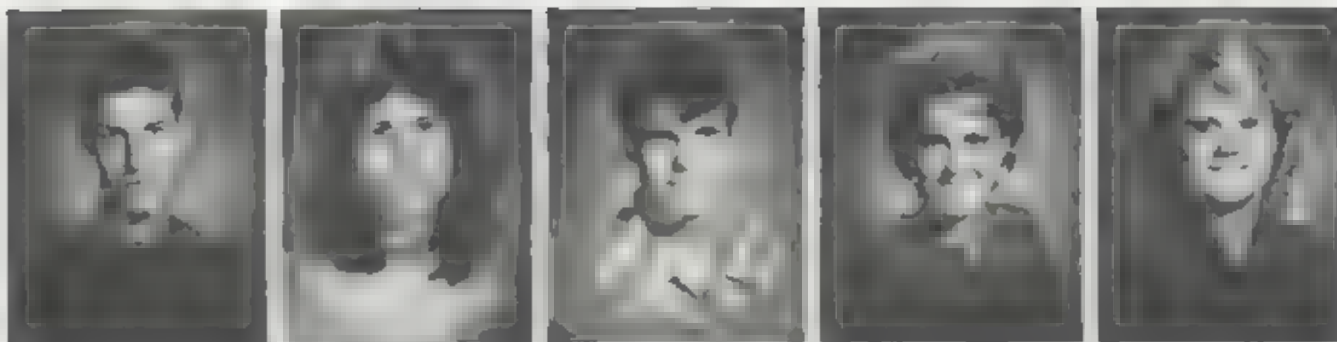

I had a feeling. It's a good one. I've used it a lot. I've even used it at the parking lot.

### ALL HOME WORK

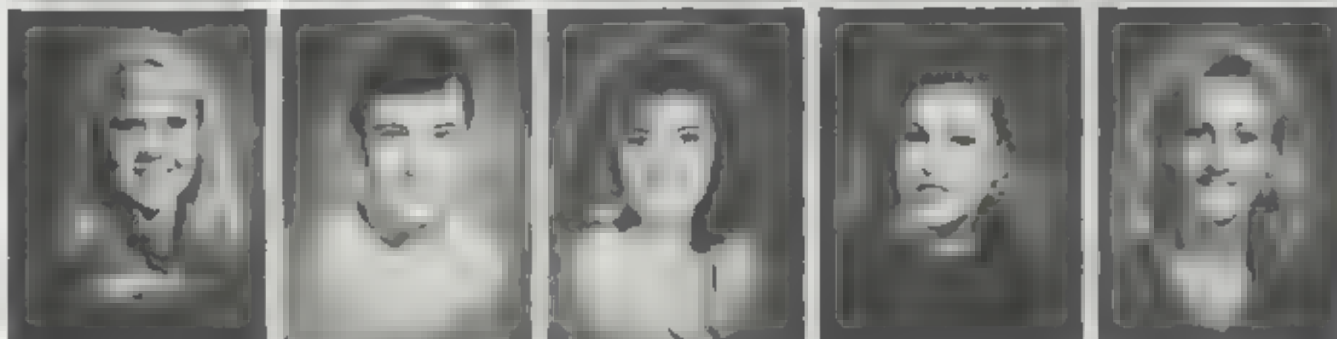

My locker wouldn't open. Only because I didn't try to open it. I ran out of paper. No matter how much I tried, I couldn't get it. I left my book in the car. I was late. I was late. I was late.

The best excuse is that the car won't start. It's a good one. I've used it a lot. I've even used it at the parking lot.

## 16 — How sweet can it be?

By Tracie Thomas

Old enough to drive, get a job and date. These were a few of the changes that took place when a VPHS student reached the unforgettable age of 16. For some students, their sixteenth birthday changed their lives drastically. Cathi Luss explained, "When I turned 16 I got my license, a car, and a lot more freedom."

For most juniors, 16 was a pretty awaited age. "I couldn't wait for my sixteenth birthday; it always seemed so far away," stated Deanna de la Hoya. For others, their sixteenth birthday wasn't exactly as they had expected. Maunika Baker explained, "I had expected a car when I turned 16, and I got a bike. I wasn't exactly thrilled."

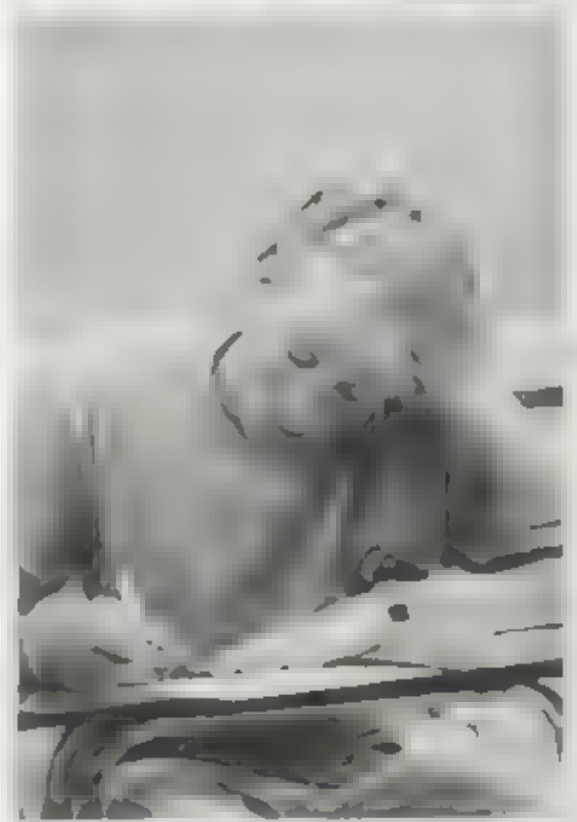

Also, most juniors turning 16 agreed that they turned into chaffinchets. Tracy

Townsend was one who felt this way.

"When I got my license, my brother and all of my friends always needed rides, but I didn't really mind," explained Tracy.

Finally, the expenses of owning a car seemed to be a stark reminder of seniors. For many 16-year-olds, this year marked their first suggestion for fun, fast food places like La Taco, McDonalds, Chris Jr., and Natures employed many of them. A

Although many students felt that 16 wasn't all it's cracked up to be, they realized their sixteenth birthday only came once.

Students were under the most pressure around test time. Trying to complete his history test, Eric Jaquay writes carefully.

## Staff Risks Image

February 1, 1992 brought us  
revelations in the form of the  
Arts Week. In the same week  
the school administration and  
staff participated in a risk-taking  
moment. The 1st and 2nd grades  
presented a play put on by 50  
crazy teachers staff and put  
on a show that all the students  
could enjoy while having the

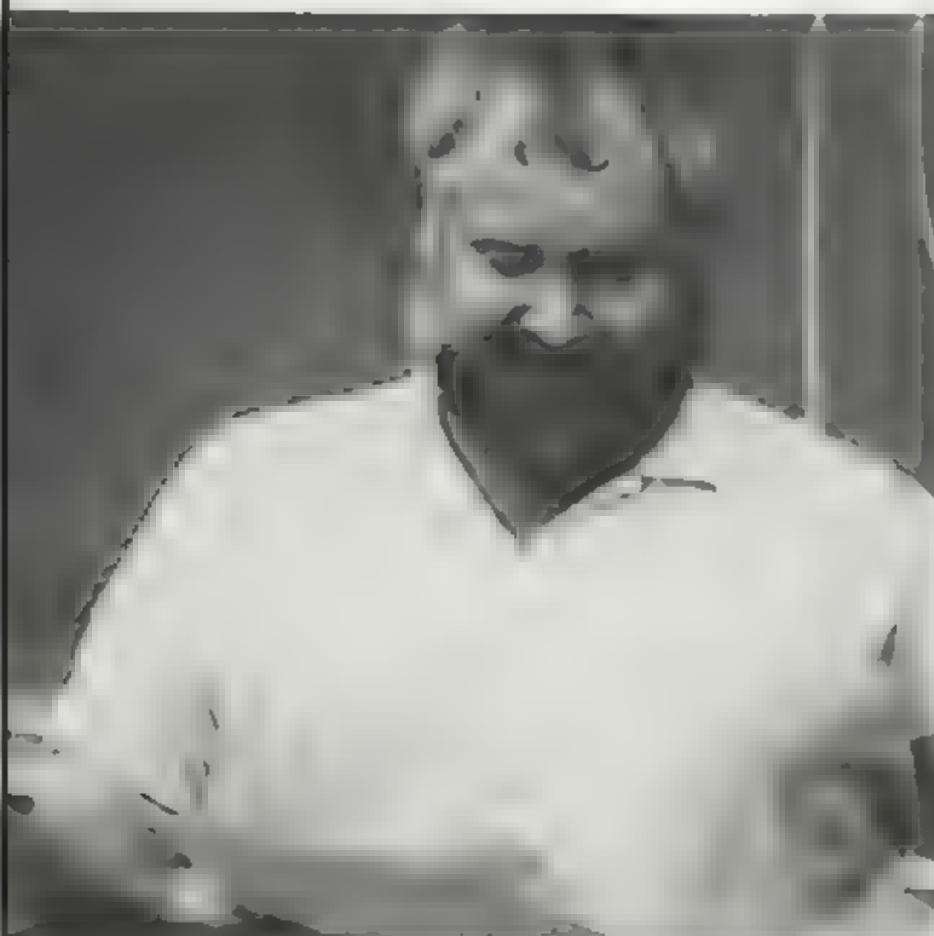

most fun. As a result of  
their performance in the  
dramatic form, a play  
with a graphic that it  
risked to what they did  
risk. A school staff and  
teacher already knew they  
were going to do a play and  
were not.

My Story, D. 1. v.

The same day 4 different students who were either in a rush to their intended school or the other homework, registered, as to their work in radio. I then went to what I took to be a home address for the Thai Veterans Staff and Faculty would assign a task a good deal of pleasure. It is to be a task a good deal of pleasure for me, too.

## Lab Finally Opens

By Norm F. Flayn

It seemed like a good idea.

The school needs a computer lab for general purposes and the school board was already planning to purchase the machine.

It was a good idea. But it was much harder to accomplish than it first seemed in March of '86.

The idea first came from Mr. Jay Bell or Mr. Joe Gardner but was never a serious possibility.

It was a new idea. It was a new idea. It was a new idea.

Two weeks later, the school board was still in the same position.

## Sophomore Soufflé

By Tom Schuler

2 cups of Driver's Education  
 1/2 lb. of a sixteenth birthday celebration  
 1/4 teaspoon of a Sophomore English class  
 1 1/2 tablespoons of Physical Education  
 3 pinches of Modern World History  
 1/4 quart of Fashion  
 9 parts of Music  
 Just a dash of friends and family  
 1 cup of Hallways Stairs  
 5 teaspoons of Lockers and Combination  
 And to liven things up a little, add the smallest amount possible of Biology

Directions: Take the above mentioned and mix together in any size high school. Stir occasionally once a month for nine months. Remember that this is a delicate mixture so be careful when cooking. Should make plenty, well, enough for leftovers at least.

# GETS DOWN TO BUSINESS

During this year I ask myself what is new or different about the A.B. Board? Aren't they just students using the position to take a kick back class and their time to relax and socialize?

This stereotype of the A.B. Board has been around as long as I could remember, but this year's ASB has broken this mold.

What makes us different is the wide range of character and views we possess.

One of their qualifications of inclusion is that they are all students. Other qualifications were that they were all from different parts of the school. But the most important qualification is that they are all students.

We work together thinking of ideas and

...and we are all students. Ken Domar says that it was hard to work because with the limits imposed by the school we were able to do it in ways that we had not thought of before. Ken

Last what do the AWS and Board of Control do? First of all, under the direction of President Irene Lackl, the Association of Women Students planned many activities such as Late Dad.

The girls took their dads out for an evening of games, dinner, and dancing. Late Dad is a fun event every year and I look forward to every year, said Michele Young, board member.

Other activities included having a guest speaker such as a Merle Norman representative at lunch. The board also had a

member Irene Lackl in charge of the annual "Sister Hawk" award, always one of the most popular dances of the year. This year we had more than 300 tickets and let it was a huge success.

The term of the year was held by senior John Estuary. The dance was a total blast and something I'll always remember.

The Board of Control was headed by elected board president Dave Piper. Dave was in charge of running the class and A-B election assemblies. The job of the Board of Control consisted of counting votes for the various campus elections, said Dave. Early in the year, Dave directed the Board of Control from the positions handed in. During the meeting about Coronation, President Kevin Halagan goes over plans with senators Cindy Wright and Samantha Miller. Treasurer Kip Ashton advised funds.

The Senior Class Officers met with the Coronation Committee to discuss the upcoming coronation ceremony. President Kevin Halagan presented the plan for the coronation, which will take place on Friday, May 15th, at 7:00 PM in the gymnasium. The ceremony will feature a coronation ball, a coronation dinner, and a coronation parade. The Coronation Committee is responsible for organizing all of these events. The Senior Class Officers are also responsible for raising funds for the coronation. They have already received donations from several businesses and individuals. They are currently working on raising more funds to cover the costs of the coronation. The Senior Class Officers are confident that they will be able to raise enough funds to make the coronation a successful event.

## Song Reacts to Crowd

By Dave Lawton

The songleader squad had a total of thirteen girls. In past years the squads have consisted of only six. "I like having a lot of songleaders' really," said Ranae Randels. "There's more of them."

"We work hard," said Holly Bleier. "They did work hard spending countless hours during the summer preparing for the new school year and a lot of time after school practicing for pep rallies, football games, basketball games, etc. They also gave the

football team drinks and refreshments during head week."

"It's a thankless job," said Holly Bleier. "After spending a lot of time preparing for a pep rally or whatever, no one came up to us and said that we did a good job or anything like that. But if we didn't want to do it, we wouldn't. We could have dropped out in the beginning."

"We're doing something for the school," said Ranae Randels.

"We got very nervous," said Holly Bleier. "We never know how the crowd is going to react to our performance."

With thirty pepsters, one would think that they wouldn't get along too well, but Kelly Kindt and Holly Bleier both agreed they got along fine.

Squad leader Kelly Kindt also said, "It should be a number one priority."

"Some people just go out for it not knowing how much it takes," said Ranae.

President Ken Damer said, "The ASB did a lot of things this year to create a better atmosphere. I just wish

we could do more — have more power. Not all our ideas were accepted due to resistance from Activities Director Ms. Thurman and Principal John Curwin.

Some improvements that did take place were the radio station played at lunch as well as "stream side" which were very popular.

Every member worked as a team to help educate intoxicated drivers by offering safe rides home during weekends.

"I'm very pleased to see the growth of this organization," advised Vince DeFalco. "It not only provided unity but also increased the awareness of the dangers of drinking and driving."

Dear Eric,

It seems like only yesterday you were our little curly headed baby with the happy little face. Now, here you are starting off for college

Just as we shared your many successes in the past, we will be there to share your successes in your future. We love you for what and who you are

Love,

Mom, Dad, & Alan

May all our dreams be realized with the same love  
and happiness we've brought to others, and may all  
your dreams come true. You have set high standards for  
yourself. Love, now go out there and show the world  
what you're made of.

We love you dearly and we are very proud of who you  
are and what you're all about. Thanks for being such a  
'good kid.'

*When you were born, we were so proud  
What a special baby boy!  
But little did we know the years ahead  
Would bring joy after joy after joy.*

*We've watched you grow and change so  
much  
Remember Wall, the cat?  
Through baseball, soccer, hockey, and  
polo  
Lots of accomplishments; how about that?*

*We feel so blessed that we were given  
Such a gift from God above.  
He's helped us guide you all these years  
With discipline, encouragement, & love*

*With your wit, your smile, and creative  
ideas  
You'll be a success anywhere.  
And so we release you into the world.  
But remember we'll always be there.*

He's ready in the pool  
A swimmer but in your fan  
And such a sweet little boy  
And now he's grown into our pride and joy

There are swimming, skating, biking and polo  
Sports with a team, or sports just solo

Your friends are terrific and chosen with care  
It's great to be with them with fun times to share

Best friends with your sister you've always been so  
She out with your friends and you here — you all go

Our "Tiger" our "Buster-Boy" or just plain "Turk."  
Your future success will reward your hard work

You've had obstacles on your road to success.  
But gone on and tried not to get too depressed

You've grown from these problems and learned who you are  
Dedication to goals will make you go far

We all love you so much and this we can't hide  
The person you are surely fills us with pride

Not afraid to show kindness, caring and love  
Not the hawk in a fight but more like the dove

To college next year, we'll miss you like crazy  
Take our love and our hearts —

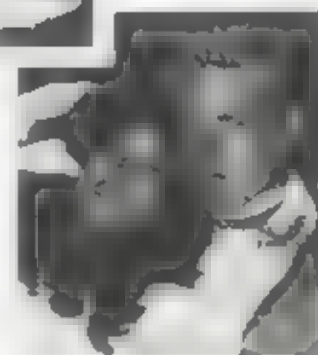

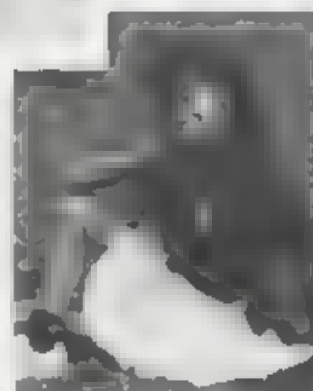

Mom, Dad and Stacey

### "WHAT MAKES A WONDERFUL DAUGHTER?"

First, gather lots of thoughtfulness,  
then add a sunny smile,  
sweeten with some cheerfulness  
and stir a little while.  
Blend in special sweetness  
with laughter and some fun.  
Sprinkle with warm memories  
and the mixture's almost done —  
Top with many loving deeds,  
some words of kindness, too . . .  
That's the special recipe  
that's made a daughter as dear as you.

We're very proud of you!  
Love,

## Dear Tracy,

When you were just a tiny girl  
you brought us such delight  
Your laughter, smile, and winsome ways  
were especially pleasing and bright  
In swimming meets, you came in first  
in Mexico you sailed  
In a car race you skied the slopes  
hanging down the trails  
On to grade school in Villa Park  
you strived, learned, and took a part  
in so many ways  
Softball, soccer, riding, and dance  
just partly filled your days  
At Ceren Villa, we shared your world  
of activities, friends, and fun  
Offices, clubs, and drill team  
made each day a special one  
In the year of 1981  
you endeavored to spread your wings  
But we remained firm  
and you did learn  
of His love, among other things  
In high school years,  
we watched you excel — from  
honor student to debutante — Your commitment to  
excellence  
served you well  
In achieving you have always possessed  
motivation, involvement  
dedication, success

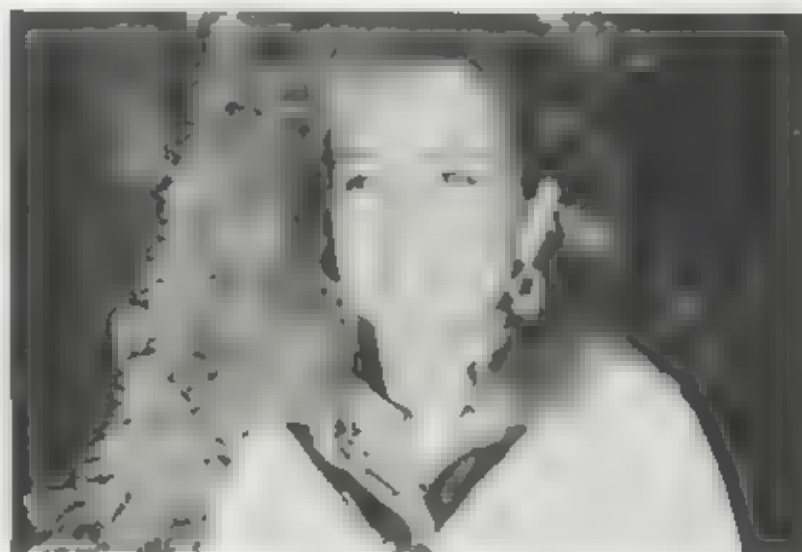

And still you have a special way  
of growing dearer day by day  
You're helpful, considerate,  
principled, and caring  
Your individuality  
is sometimes even during  
You're a wonderful example  
of what a daughter can be  
Loving and kind, beautiful and good  
intelligent and sensitive  
describe you perfectly  
For the values and beliefs you uphold  
you're admired and respected  
more than you're told  
Your spirit and enthusiasm  
are heartwarming to be near  
And pride in all you are and do  
grows deeper every year  
As graduation day appears,  
we wish you all the love,  
happiness and fulfillment  
you've given us for years  
Now it's college and bigger things  
for our very special girl  
who has risen far above  
mediocrity  
Who will make a difference in this world

We love you,  
Dad, Mom, and Derek

*You have come a long way and we know you'll continue to go even farther in the coming years. Consider these next few steps you will take with patience and care, you have given us every reason to be proud.*

*Though you have always shown the strength and the ability to accomplish things your own way, we want you to know we will be there when you need us.*

*We love you

# NORM JOHNSON

Here's an ad for Mr. J.  
For being a great guy day after day.  
For all his help and speech so wise.  
To you with love from all us yearbook guys.  
Although you've had to scream and shout,  
We now know what yearbooking is all about.  
For ten years you've pulled hairs out of your head,  
Yelling at us to "Get out the lead!"  
But now your work is nearly done,  
And all the headaches and all the fun  
Are closing their doors as far as the yearbook goes.  
Leaving endless memories from the path you once chose.  
So we give you this ad and hope it will remain  
Year after year as a reminder of what you have gained.

# THE NEW LOOK

Banging, strumming, laughing, and drumming the VPHS Faculty Band Mrs. Barbara Morton, Mrs. Ann Folbert, Mrs. Barbara Poole, Mr. Jeff Erlich, Mrs. Gertrude Bigelow, Mr. Dennis Moody, and Mr. Travis Haskins perform at the first outdoor assembly. The faculty and students enjoy their display of talent.

Attending the ceremony for the installation of the life saving traffic light principal, Mr. Richard Kirwin, concerned parents, Mr. and Mrs. Richard Beyl and Mrs. Pat Bortle briefly converse. The light was installed after parents and students protested in its favor.

## TO END

Cowboy and Indian Tim Goldman and Sachin Parekh make peace during Western Days. On Spirit Days, student participation level was high among all three grades.

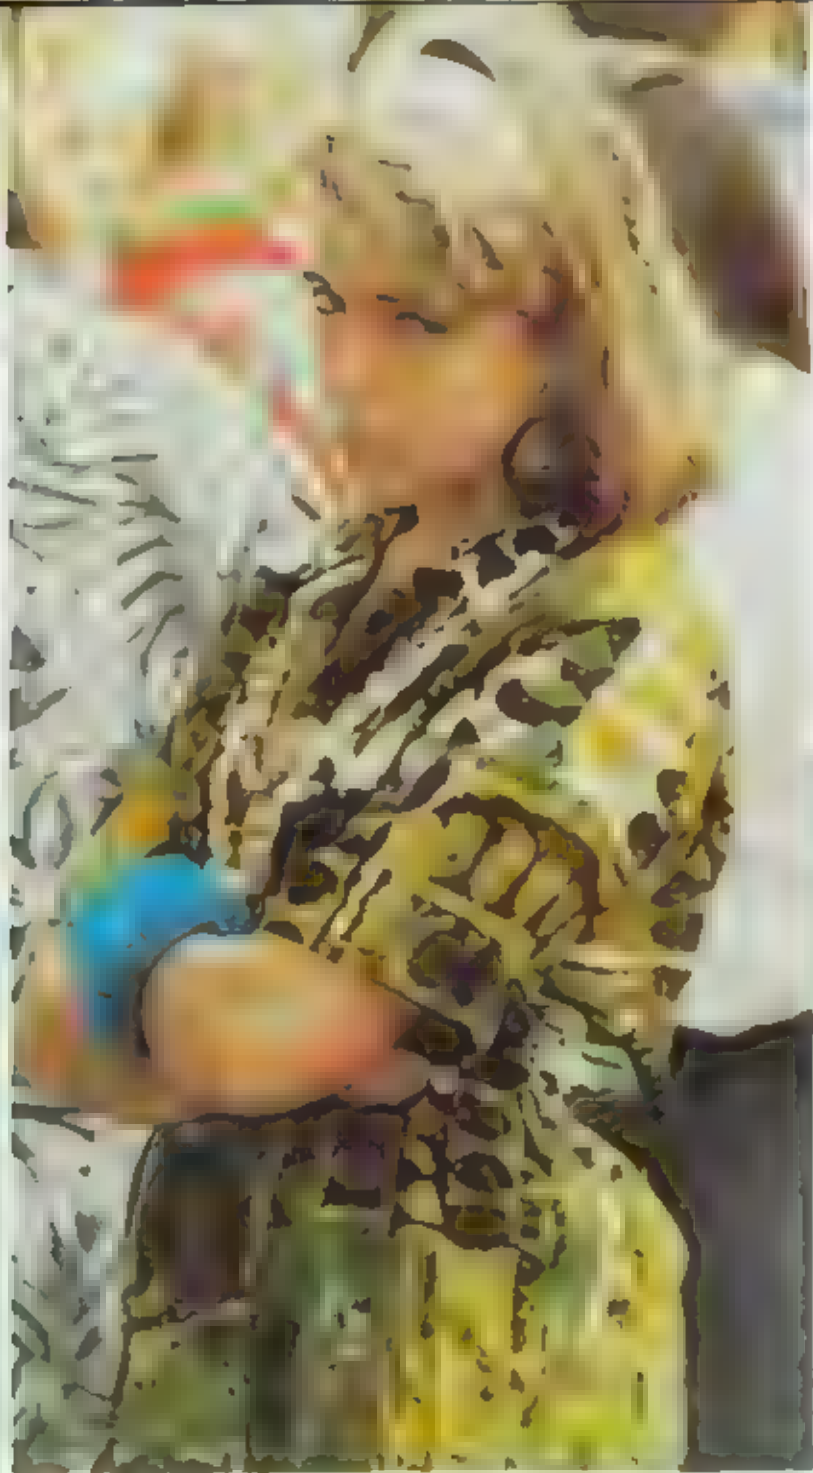

Editing the senior copy. Odyssey staff member Kim Williams works diligently to complete the deadline. Senior copy was one of the most exhausting jobs the class suffered through.

Recruiting new members at Club Rush. Samantha Hadfield works the Drama Club table. Many club members and officers were successful in finding interested students to join their clubs.

Michelle Brown takes a break from a lunch time luau. Often dress up days were accompanied by lunch time activities.

With his face glowing, Mr. Spirit contestant, Ken Robinson, waits for the chance to show his stuff. Ken won the competition with his rendition of "Stand By Me."

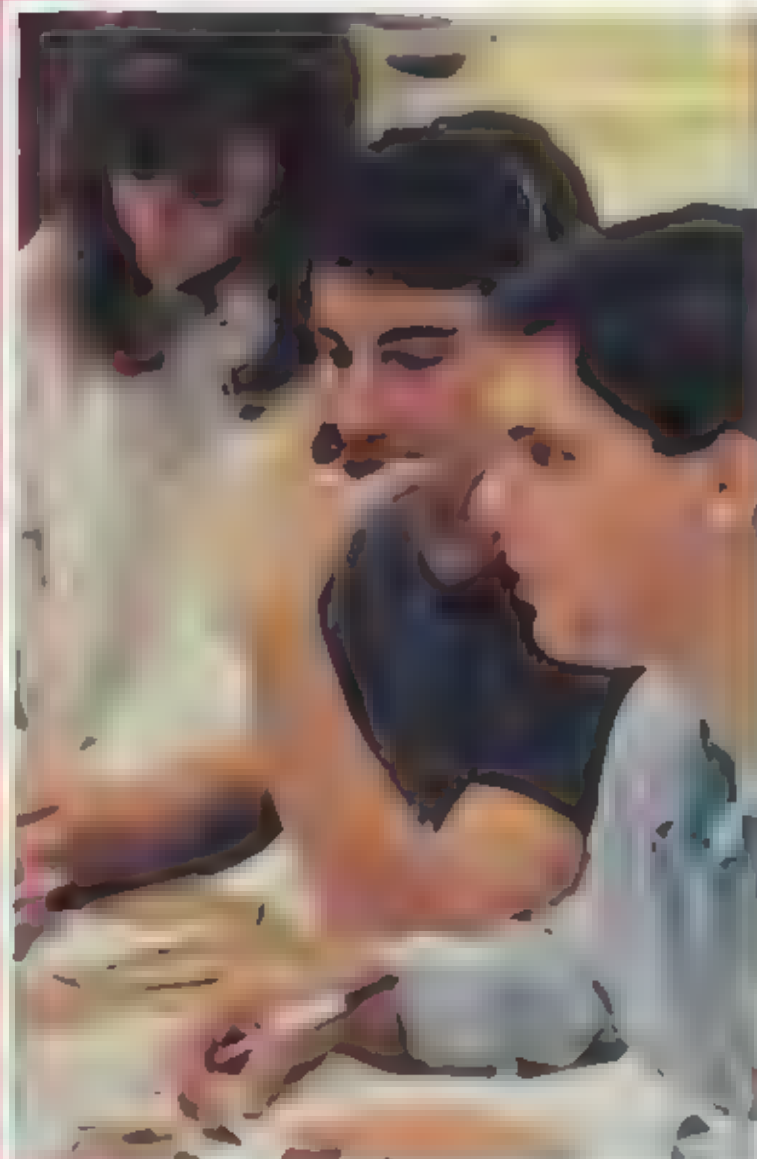

Dating Game contestant Alyson Woodal, heartily laughs at her given question. This lunch time festivity produced many laughs from both the contestants and their audience.

Searching their imaginations, Jody Scott, Jeff Randal, and Dave Lawlor create their stories. Stories were an enjoyable task for many staff members because they got the chance to express themselves on paper.

A confused Jill Siegel scans a proof sheet searching for the appropriate picture to put on her assigned page. Picking the perfect pictures proved to be a difficult task for the class members.

Shuffling through a notebook of proof sheets, Ed Shakhverdyan and Michelle Fang find a picture they enjoy. Most pictures taken by staff photographers never entered the yearbook.

BACK TO SCHOOL!

By Howard Dunn

As the first day of school approaches, many children are excited to go back to school. They are excited to see their friends and teachers, and they are excited to learn new things. However, for some children, the first day of school can be a scary experience. They may be nervous about meeting new people, and they may be worried about not knowing what to do. It is important for parents to help their children feel comfortable and confident on the first day of school. There are several things that parents can do to help their children with this. First, they can talk to their children about the first day of school and what they can expect. They can also practice some of the things that their children will be doing in school, such as writing their name and counting. Finally, they can encourage their children to be brave and to try new things. With a little help from their parents, all children can have a successful first day of school.

joyce  
 well babes  
 me year is finally  
 over. I can 4 believe  
 how much fun we've  
 had! I am so glad that  
 we got to be such awesome  
 friends. You are really special  
 to me! Member all those nights after  
 Princeton review and swimming that we  
 would just rap about anything and adventuring  
 I have met you just deserve a truly amazing  
 summer because you and get paid!!! Definitely  
 I hope you can work exercise all summer well  
 I bet you're gonna make this summer for being a  
 screw up just write me this summer for being a  
 you have 4? Well, I'll see you when  
 have letter friends. I'll see you when  
 great friend and situation  
 wrap up the situation  
 you know the situation  
 get back with

you are

Kumo,  
The year is  
finally over! Thank  
God! no more Bruce  
Campbell, damn! more  
adventures with Joyce, more  
& Susan this summer. 45 bills for  
you & 45 bills for me. we can buy  
Tombo presents. Hah! Susan has isolation,  
you have 2 hours & I only have one, hehehe.  
Boaatrr. Well be having to do something  
this summer if Grace gives you my messages!  
Dis is Kumamoto residents! Let's be staying away  
from yly - - - this summer. He can have  
Penguin, unless he changes that attitude. I wonder  
if Shanna, pumpkin, bitch is still waiting for us. She's  
probably still passed out in the bushes some where.  
Well Joyce it's been real. Have a baby or  
2 this summer. I'll be seeing you  
around & have a good one.  
Craig D.
